■ PROFILE

– I am a **Frontend Developer** with [3+] years of experience designing and implementing highly responsive, user-centric web applications and interfaces. Proficient in **HTML5, CSS3, JavaScript**, and modern frameworks/libraries such as **TailwindCSS, React.Js, Next.Js**. Adept at translating wireframes and UI/UX designs into pixel-perfect, interactive, and accessible web experiences. Strong focus on writing clean, efficient, and maintainable code, following best practices in responsive web design and SEO optimization.

– Adept at collaborating with cross-functional teams, including backend developers, designers, and product managers, to deliver seamless solutions and improve user satisfaction. Familiar with version control systems (Git), Agile methodologies, and testing frameworks for ensuring high-quality deliverables.
